NEW

Planar and
Decocolor
surface finishes

Introducing Autodor

The Autodor is a new sectional garage door supplied complete with a GaraMatic 9. This new door retains all the usual features you have come to expect from a Garador sectional garage door, but at a lower price point. Please refer to the Autodor price list for full specification.

Electrically operated garage door

The Autodor is conveniently opened at the touch of a button. Supplied complete with a GaraMatic 9 operator and two 2-button micro hand transmitters. GaraMatic 10 operator available as an optional upgrade.

Fully insulated garage door design

The Autodor is manufactured with 42mm thick garage door sections, filled with insulating PU foam. With u-values down to 1.30 W/m²K, it provides great thermal insulation contributing to potential savings on your energy bills.

Matching Garage Side Door

Fully insulated garage side doors are also available, with designs to perfectly match the design, surface and colour of your Autodor sectional garage door. Available in a range of standard sizes.

Linear Medium Designs

Linear Medium designs provide an excellent first impression on modern and traditional homes. The Autodor in Linear Medium is supplied complete with a GaraMatic 9 operator and is available in 6 Woodgrain and 3 Decocolor surface finishes. The full range of colours are included in the price of the garage door.

Traffic White (RAL 9016)

White Aluminium (RAL 9006)

Grey Aluminium (RAL 9007)

Titan Metallic (CH 703)

Anthracite Grey (RAL 7016)

Terra Brown (RAL 8028)

Golden Oak (Decocolor)

Dark Oak (Decocolor)

Night Oak (Decocolor)

Surface finishes for Linear Medium Autodor

- 1 Decocolor surface finish
- 2 Woodgrain surface finish

The painted Decocolor surface provides a natural and authentic timber appearance and is available in a choice of three colours.

Woodgrain offers a robust surface with an authentic sawn timber look. Minor scratches can be repaired by working with the texture.

Please note: the Decocolor surface finish does not match the timber effect finish of our standard sectional door range or FrontGuard doors.

Linear Large Designs

Linear Large designs are perfectly suited to contemporary properties with modern architectural features. The Autodor in Linear Large is supplied complete with a GaraMatic 9 operator. It is available in 6 Planar colours with a deluxe matt finish and 3 Decocolor surface finishes. The full range of colours are included in the price of the garage door.

Traffic White (Matt Deluxe: CH 9016)

White Aluminium (Matt Deluxe: CH 9006)

Grey Aluminium (Matt Deluxe: CH 9007)

Titan Metallic (Matt Deluxe: CH 703)

Anthracite Grey (Matt Deluxe: CH 7016)

Terra Brown (Matt Deluxe: CH 8028)

Golden Oak (Decocolor)

Dark Oak (Decocolor)

Night Oak (Decocolor)

Surface finishes for Linear Large Autodor

- 1 Decocolor surface finish
- 2 Planar surface finish

The painted Decocolor surface provides a natural and authentic timber appearance and is available in a choice of three colours.

Planar is a smooth surface finish, available in a choice of six exclusive matt deluxe colours.

Please note: the Decocolor surface finish does not match the timber effect finish of our standard sectional door range or FrontGuard doors.

Autodor is supplied complete with a GaraMatic 9

The Autodor retains all the advantages of a Premium sectional garage door, with 42mm thick insulated door sections that guarantee excellent thermal insulation, security and quiet door operation. The inside of the door has a silver coloured galvanisation which is covered with a clear protective lacquer. With a choice of 27 standard garage door sizes up to 5000mm wide, you are sure to find a door to fit your opening.

GaraMatic 9 (peak force 750 N)

- Simple to operate
- Fast opening with a maximum speed of 14cm per second
- Automatic locking preventing forced entry
- Integral light
- Soft start and soft stop
- Equipped with status query technology to indicate whether your garage door is open or closed
- The combination of Autodor with a GaraMatic 9 operator complies with the latest European safety standards.
- Optional upgrade to GaraMatic 10 available

Matching door leaf and frame

A matching garage door leaf and frame help to ensure a harmonious overall appearance. Cover profiles are available in Woodgrain, Planar and Decocolor surface finishes to match the door leaf.

Secure mechanical locking system

The boom is equipped with a secure mechanical lock to prevent forced entry. Even in the event of a power cut, the door cannot be forced open.

Long-term protection

The frame leg is fitted with a plastic bed plate. This provides long-term protection against corrosion that might be caused by humidity, acids or salts.

Safety Assured

The Autodor sectional garage door and operator has been engineered with your safety in mind and will therefore comply with British Standard BS EN13241, ensuring powered doors are safe to use.
